This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, **call 1-800-795-1023 or visit us at www.medcost.com**. Important Questions	Answers			Why This Matters:
	Preferred Network (VIC)	In-Network	Non-Network	
What is the overall deductible?	$850 / person $1,700 / family	$1,250 / person $2,500 / family	$3,500 / person $7,000 / family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes: Preferred office visits and preventive care.			This plan covers some items and services even if you haven't yet met the deductible amount. But a co-payment or co-insurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/
Are there other deductibles for specific services?	No.			You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan?	$3,300 / person $6,600 / family	$4,500 / person $9,000/ family	$8,000 / person $16,000 /family	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. *Note: There is a separate out-of-pocket limit for prescription drugs; refer to page 3 for details.*
What is not included in the out-of-pocket limit?	Premiums, balance billing, health care this plan doesn't cover, and penalties for failure to meet certain plan requirements. Note: Prescription drug co-pays are not included in the overall out-of-pocket limit, however, there is a separate out-of-pocket limit for prescription drugs. See the prescription drug section for details.			Even though you pay these expenses, they don't count toward the out–of–pocket limit.
Will you pay less if you use a network provider?	Yes. See www.medcost.com or call 1-800-795-1023 for a list of network providers			This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No			You can see the specialist you choose without a referral.

All **co-payment** and **co-insurance** costs shown in this chart are as noted, *either before or after,* your **deductible** has been met, if a **deductible** applies.
